

**WETTERHORN HOMES RIDGWAY**

**HOMEOWNER WELCOME GUIDE**

**VERSION- November 2023**

Congratulations and welcome to Wetterhorn Homes!

We are excited to welcome you to your new home. In this package you will find relevant information and items required to complete your purchase and move in process. **Please take the time to read through at least the opening sections prior to Addendum A, there is key information here and actions that must be taken.** We have worked hard to build these homes, and we are so excited to finally welcome you as a homeowner.

By now, you should have received your keys at closing and scheduled a move in date, or perhaps you have already moved in! Whatever the case, we are always available for questions during your move. Please contact us at Rural Homes anytime with questions. We can be reached at: [info@ruralhomesproject.co](mailto:info@ruralhomesproject.co)

Whether we talk to you tomorrow, next week, or in a year or two, we hope that you enjoy your new home for years to come!

Sincerely,

Rural Homes Team  
Paul, Sheamus, Trevor and Dylan

## **NEXT STEPS:**

We ask that you please contact the local utility providers to set up your billing and accounts. Their contact information is below. We also recommend registering your appliances.

## **HOME WARRANTY INFORMATION:**

Your home warranty information is contained in your purchase and sale agreement "Addendum B". Ridgway Homes provides a home builder industry standard one year home construction warranty. Please review this document carefully for warranty coverage and information. If something in your home is not quite right, please first review the Addendum, and then if you determine you would like to file a claim submit your issue with photos to [info@ruralhomesproject.co](mailto:info@ruralhomesproject.co)

## **IMPORTANT CONTACT INFORMATION:**

There were a lot of different parties that came together to make Wetterhorn Homes a reality. If you are unsure who specifically to reach out to, please get in touch with us. We can be reached at: [info@ruralhomesproject.co](mailto:info@ruralhomesproject.co) Otherwise, we have listed out some important contacts here for you to get in touch with directly.

### **Deed Restriction and Re-Sale Information:**

For deed restriction, rental and sale inquiries and information such as how to document home improvements, please contact Impact Development Services (IDS). Linked in this Document are the Wetterhorn Homes Deed Restriction Guidelines. In this document, you will find a summary of Deed Restriction regulations, information about ongoing compliance requirements, and an outline for selling your house if you need to in the future. Get in touch with the Housing Authority at any time with additional questions.

Impact Development Services

w: <https://impactdf.org/home-page/impactdevelopmentservices/>

e: [lottery@impactdf.org](mailto:lottery@impactdf.org)

p: (970) 494-2021

### **Electric Power Company:**

Power is supplied by San Miguel Power Association (SMPA). If you have any questions about setting up your account or about your electrical bills, please reach out to them directly. These are all electric homes, there is no natural gas mainline in the vicinity.

San Miguel Power Association

w: <https://www.smpa.com/>

e: [memberservice@smpa.com](mailto:memberservice@smpa.com)

p: (970) 864-7311

### **Solar Panel Tariff On Bill Financing:**

For information or questions regarding the billing for your PV offset repayment program, please contact our friends at the Colorado Clean Energy Fund (CCEF). **Exhibit 2** attached to the end of this document includes information on Tariff On Bill Financing and how billings function.

Colorado Clean Energy Fund

w: <https://cocleanenergyfund.com/>

e: [info@cocleanenergyfund.com](mailto:info@cocleanenergyfund.com)

p: (970) 275-8482

**Solar Panels:**

The solar panel works by bypassing the meter, so it offsets what your house uses, but the excess of your utility usage gets billed directly from SMPA, often called "net metering". Someone from See Forever Solar will give you an introduction to your system, show you the circuits, and introduce you to the app that monitors production. There is a 25-year warranty on your panels, and a 2-year warranty on the installation. Keep them functioning like new! If you think there is an issue with your rooftop solar array, please get in touch with John at See Forever Solar.

See Forever Solar

W: [www.seeforeversolar.com](http://www.seeforeversolar.com)

e: [john@seeforeversolar.com](mailto:john@seeforeversolar.com)

p: (970) 708-1073

**Heat Pump/HVAC system:**

Your home comes with a vented air-source heat pump, which will provide efficient heating and an added benefit of a cooling load (air conditioning) when it's warm. The air handler/furnace unit in your home connects to a condenser unit outside. There is a 10-year warranty on your system. If you are having issues with your system, reach out to Rural Homes at [info@ruralhomesproject.co](mailto:info@ruralhomesproject.co). The installer of the system was Cooling's Heating & Air Conditioning based out of Montrose, but Fading West (the factory) supplied the unit. It's best to reach out to Rural Homes first to determine which party to contact.

The thermostat is unique, the spec number is in the spec sheet and replacements can be ordered from [www.greenbuildingtechnologies.us](http://www.greenbuildingtechnologies.us), (844) 428-4822, [info@gbttec.com](mailto:info@gbttec.com)

**Electric Vehicles:**

Every home is pre-wired to be ready for an electric vehicle charging station, if you desire to purchase an electric vehicle in the future. If you have a garage, the port will be available in the garage, otherwise it will be near your porch on the driveway side of the unit.

**Appliances:**

All appliances aside from your water heater have been installed by Western Slope Appliance and include a 5-year warranty. If you are having any issues with your appliances, contact Western Slope Appliance with the information below. If you are having issues with your **water heater**, reach out to General Electric to schedule maintenance with their warranty department.

Western Slope Appliance

**All Other Home Component Information:**

The spreadsheet in **Exhibit 3** has a list of all the other parts of your home (**paint colors, materials, etc.**). If the link does not work, the table is also at the bottom of this document.

**Ridgway Town Water and Sanitary Sewer Services :**

Potable Water and Sewer for your home are provided by the Town of Ridgway. Please refer to their website for relevant information, forms, and service fees. Please also get in touch with the Town for any questions about your taxes, street maintenance, and other neighborhood questions.

w: <https://townofridgway.colorado.gov/>

p: (970) 626-5308

**Trash Collection Services:**

If you would like to sign up for weekly trash pick up, please call Bruin Waste at 1-800-559-2149. Otherwise, please refer to <https://townofridgway.colorado.gov/recycling-and-refuse-collection> for information on recycling and other waste disposal.

**Broadband Internet Services:**

After activation, Clearnetworx has offered you two months for free! Wetterhorn Homes buyers who earn 80% AMI and below, can get a plan for \$10/month for the first year you occupy the home. For additional information on communications plans for the future, please visit their website or get in touch with them:

Clearnetworx:

w: <http://clearnetworx.com/>

e: [info@clearnetworx.com](mailto:info@clearnetworx.com)

p: (970) 240-6600

**Shared Maintenance:**

Your home shares a common partition wall with another house - referred to as a "party" or "parti" wall. This is common with residential construction and provides well established legal protection for you. Please refer to Addendum A of your purchase agreement for more information.

**Home Improvements and Fences:**

Because there is no homeowners association (HOA) in Wetterhorn Homes, each homeowner is free to improve the interior and exterior of their home as they would like, as long as they are complying with local and regional building codes and regulations and acquiring proper permitting. More information on these regulations can be found through the town building department with the following link: <https://townofridgway.colorado.gov/i-want-to/building-department>

We do ask that you document any home improvements with the Housing Authority (see the Deed Restriction Information above for more information).

If you want to build a fence around your property, we recommend discussing this with your neighbors first, and then discussing the location with the town regarding any permitting and potential concerns with easements. The title company has information on lot line boundaries.

**Crawlspace and Radon Mitigation:**

The Crawlspace is where the **main water shutoff** for the house is in the crawlspace and can be accessed in the utility closet. Radon: the plastic film in your crawl space is taped to the stem wall foundation and vents radon (a sometimes naturally occurring gas in soils in Ridgway) out of the roof. We recommend trying not to damage this surface. This crawlspace is conditioned, but is not an occupiable space.

**Homeownership & Financial Counseling:**

Please look into the following statewide resources for new Homeowners!

[Colorado Housing and Finance Authority \(CHFA\) Financial Advice page](#)  
[Department of Local Affairs Housing Counseling Assistance Program](#)

**In the event of an emergency, always call 911 first.**

## **Addendum A (Contract)**

## **ADDENDUM A TO CONTRACT TO BUY AND SELL REAL ESTATE (RESIDENTIAL)**

(Miscellaneous Provisions, including Limited Warranty)

### **I. No Commission**

A. Seller will not pay any commission or fee for any broker that represents Buyer.

### **II. Deed Restriction**

A. The Property is conveyed exclusively for the use of affordable housing for persons and households that meet certain requirements and that work in Ouray County, Colorado. This restriction does not expire and is enforced by public authorities. For more information, contact the San Miguel Regional Housing Authority.

### **III. Party Wall Agreement**

[This Party Wall Agreement applies when a dwelling or garage on the Property shares a common wall with a dwelling or garage on an adjacent property.]

A. The common wall is on a property line that is shared by both properties. The common wall is referred to as a "Party Wall." By owning the Property, Buyer thus becomes an owner of a Party Wall.

B. Each Party Wall shall be shared and jointly owned by the owners of the properties that are divided by the Party Wall.

C. A Party Wall includes the support joists, crossbeams, studs, structural members, insulation, utility lines, pipes, conduits, and other improvements located in the Party Wall. The Party Wall does not include the interior finished surface of the Party Wall.

D. Any owner's use of a Party Wall shall not injure any component of the Party Wall. An owner may not materially modify a Party Wall without the prior written consent of the other owner.

E. The cost of repair and maintenance of the interior finished surface of the Party Wall shall be the sole expense of the owner that owns the interior space. If an owner needs or desires to repair, rebuild, or maintain the whole or any other part of a Party Wall, the repairing, rebuilding, or maintenance expense shall be borne equally by both owners. Any repairing or rebuilding shall be on the same location, and of the same size, as the original Party Wall or portion thereof, and of the same or similar material as that used in the original Party Wall or portion thereof.

F. Notwithstanding the foregoing, to the extent that damage to a Party Wall is covered by insurance, the full insurance proceeds shall be used and applied to the extent necessary to repair, restore, or replace the Party Wall. Any insurance proceeds not necessary for such repair, restoration or replacement shall belong solely to the owner of the insurance policy under which such payment was made.

## **ADDENDUM A TO CONTRACT TO BUY AND SELL REAL ESTATE (RESIDENTIAL)**

G. In the exercise of each owner's right and responsibility for the maintenance, repair, and rebuilding of a Party Wall, each owner shall have, and is hereby granted, a perpetual and reciprocal non-exclusive easement in and across the other owner's Property as necessary to effectuate such repair, rebuilding, or maintenance.

H. After reasonable written notice to the other owner, each owner shall have the right to break through the Party Wall for the purpose of repairing or restoring sewer, water, or other utilities located within the Party Wall, subject, however, to the obligation to restore the Party Wall to its previous cosmetic and structural condition, at such owner's sole expense.

I. Notwithstanding the foregoing, in the event that a Party Wall or any portion thereof is destroyed or damaged due to the negligence or intentional act or omission of an owner thereof, for which the owner is legally liable under general rules of law regarding liability for property damage due to negligence or intentional acts or omissions, the owner shall be solely responsible for the cost of repairing the Party Wall.

J. If an owner of a Party Wall fails or refuses to pay its share of any cost of the repair, rebuilding, or maintenance of a Party Wall, within thirty (30) days after written demand by the other owner, the other owner may cause the Party Wall to be repaired, rebuilt, or maintained. The other owner shall be entitled to assess and collect one-half of the costs against and from the non-paying owner. One-half of the costs shall become and remain a lien against the non-paying owner's Property, upon which interest shall accrue at the rate of eighteen percent (18%) per annum, until fully paid.

K. This Party Wall Agreement shall continue perpetually and shall constitute a covenant running with and appurtenant to each Property, provided, however, that nothing herein shall be construed as a conveyance by any owner of such owner's rights in the fee ownership of the Property. This Declaration shall bind and inure to the benefit of the respective heirs, personal representatives, successors, and assigns of each owner.

### **IV. Construction Defect Action Reform Act**

A. Seller is a charitable organization under the Colorado Charitable Solicitations Act, C.R.S. § 6-16-101, *et seq.*

B. Buyer expressly waives all rights, causes of action, and remedies provided by the Construction Defect Action Reform Act, C.R.S. § 13-20-801, *et seq.*

### **V. LIMITED WARRANTY**

A. Buyer is provided with a limited warranty, which is attached to this Contract as Addendum B ("Limited Warranty"). Except as set forth in the Limited Warranty, neither Seller

## **ADDENDUM A TO CONTRACT TO BUY AND SELL REAL ESTATE (RESIDENTIAL)**

nor its "Contractors" (nor their respective owners, officers, and agents) has made nor shall be responsible for any warranties of any kind relating in any manner to the Property, whether express or implied, including without limitation, those of workmanlike construction, merchantability, conformance with local building codes, fitness for a particular purpose, habitability, design, condition, quality, or otherwise. Buyer understands and agrees that except for the Limited Warranty, this sale is "as is" and "where is." Buyer waives and agrees not to assert any claim for any express or implied warranties other than as set forth in the Limited Warranty. Buyer agrees to save and hold harmless Seller and its Contractors (and their respective owners, officers, and agents) from and against all claims asserted or based upon any express or implied warranty (other than the Limited Warranty), including without limitation, those of workmanlike construction, merchantability, conformance with local building codes, fitness for a particular purpose, habitability, design, condition, quality, or otherwise relating to the Property.

B. All warranties provided to Buyer in the Limited Warranty apply only to items provided by Seller for the Property. Seller makes no warranties, express or implied, with respect to any items installed on the Property which are ordered specifically or separately by Buyer or others. Except as provided in the Limited Warranty, Buyer assumes the risk of any and all damage occurring in or appearing on the Property from and after the date of Closing, regardless of the cause thereof.

C. In exchange for the Limited Warranty, Buyer waives all non-warranty claims against Seller and its Contractors (and their respective owners, officers, and agents), including, without limitation, claims based on negligence, breach of contract, and/or the Colorado Consumer Protection Act, C.R.S. § 6-1-101, *et seq.* After Closing, all claims, rights, and remedies of Buyer in any way relating to this Contract and/or the design and/or construction of the Property shall be limited to those expressed in the Limited Warranty. The warranties in the Limited Warranty are instead of any and all other warranties which may exist and are intended to cover all claims against Seller and its Contractors (and their respective owners, officers, and agents), whether such claims are based on the Limited Warranty or otherwise. Such excluded claims include, without limitation, claims based on negligence, breach of contract, and/or the Colorado Consumer Protection Act, which Buyer might otherwise be entitled to assert against Seller and its Contractors (and their respective owners, officers, and agents). Buyer specifically waives the right to obtain damages in the event that another party brings a claim on behalf of Buyer.

D. Buyer hereby gives Seller and its agents and Contractors the right to enter the Property at mutually agreeable times to inspect and/or repair any defects or problems Buyer contends exist on the Property. This right to inspect and Seller's decision whether to perform repairs shall be a condition precedent to initiating any mediation, arbitration, or litigation. Under no circumstances may Buyer initiate a mediation, arbitration, or litigation, if applicable, before allowing Seller and its agents and contractors the opportunity to inspect and repair any alleged problems with the Property.

E. Damages for any claim relating to the design, construction, or condition of the Property for which Seller or its agents or Contractors are responsible hereunder shall not exceed

## **ADDENDUM A TO CONTRACT TO BUY AND SELL REAL ESTATE (RESIDENTIAL)**

an amount equal to the actual direct damages necessary to compensate Buyer, and in no event and under no circumstances shall damages ever exceed the total purchase price paid for the Property. In no event shall consequential damages, incidental damages, punitive damages, or treble damages or any other multiplier of damages be recoverable, and Buyer and Seller waive, release, and covenant not to assert any right or claim to such damages, including, but not limited to, damages such as bodily injury, damages to personal property, and damages to real property which is not part of the Property. Buyer expressly understands and agrees that the terms of this anticipatory release and the damage limitations contained in this Limited Warranty are the result of a knowing allocation of risk between the Parties based upon the purchase price. The Parties acknowledge and agree that the purchase price and other considerations would have been higher without these damage limitations, and these limitations are a reasonable manner of risk allocation between the Parties. The Parties intend that these damage limitations be enforced, even if any remedy fails of its essential purpose. The Parties acknowledge and agree that these damage limitations and any release given have been given for and in consideration of a negotiated arms-length transaction upon which each of the Parties had a full and complete opportunity to negotiate.

F. If any provisions in this Limited Warranty conflict with any applicable federal or Colorado laws that provide non-waivable legal rights including, without limitation, the Homeowner Protection Act of 2007, the Colorado Construction Defect Action Reform Act, or the Colorado Consumer Protection Act, the non-waivable terms of such law shall control. To the extent any provision of this Contract is interpreted by any court or arbitrator to be void or invalid under C.R.S. § 13-21-111.5, such provision shall be interpreted to give maximum effect to such provision's intent, as limited by C.R.S. § 13-21-111.5.

G. Buyer and Seller intend that this Limited Warranty shall bind any person or entity that seeks the benefit of this Contract or otherwise seeks to enforce Buyer's rights.

H. It is expressly agreed and understood that all waivers, releases, limitations on damages, and other provisions of this Limited Warranty shall survive Closing (and shall not merge with title), termination, or expiration of this Contract and shall be binding upon Buyer and Buyer's heirs, successors, and assignees.

### **VI. Energy Conservation/Solar Panels**

A. Solar panels are installed on the roof of the Property, and all other residences in Wetterhorn. The purchase price and installation costs of these panels are financed through a program with the San Miguel Power Association ("SMPA"), which is subsidized by the Colorado Clean Energy Fund. Pursuant to this program, all the homeowners in Wetterhorn will receive a monthly flat rate bill from the SMPA, which reflects the financing charge for the solar panels necessary for the SMPA to recover its costs incurred in financing the purchase and installation of the solar panels. A notice of the SMPA charges will be recorded against the Property. If the Buyer or the Buyer's successor fails to make the required payments to the SMPA, SMPA may disconnect electricity service for nonpayment of the required charges. A SMPA tariff rider and other information concerning this program may be obtained from the Seller or the SMPA.

## **ADDENDUM A TO CONTRACT TO BUY AND SELL REAL ESTATE (RESIDENTIAL)**

### **VII. WAIVER OF JURY TRIAL:**

**AFTER CONSULTING WITH COUNSEL OF THEIR CHOICE OR HAVING HAD THE CHANCE TO DO SO, SELLER AND BUYER KNOWINGLY, INTENTIONALLY, AND VOLUNTARILY WAIVE, RELINQUISH, AND FOREVER FORGO THE RIGHT TO A TRIAL BY JURY IN ANY ACTION OR PROCEEDING BASED UPON, ARISING OUT OF, OR IN ANY WAY RELATING TO THIS CONTRACT TO BUY AND SELL REAL ESTATE (RESIDENTIAL).**

### **VIII. ADDITIONAL DISCLOSURES, RELEASES AND AGREEMENTS.**

**A. Naturally Occurring Radioactive Material Disclosure and Release.** In certain locations in Colorado, above average levels of naturally occurring radioactive material (“NORM”) have been detected. Some scientists think that such radioactive emissions may be hazardous to health. However, no federal or Colorado state regulations or standards set forth acceptable levels of NORM in residential buildings. The radon system described above may help reduce NORM levels, but is not designed specifically for that purpose. **BUYER ACKNOWLEDGES AND AGREES THAT SELLER HAS MADE NO REPRESENTATION OR WARRANTIES, EXPRESS OR IMPLIED, CONCERNING THE PRESENCE, ABSENCE OR LEVEL OF NORM OR OTHER ENVIRONMENTAL POLLUTANTS WITHIN THE RESIDENCE OR THE SOILS BENEATH OR ADJACENT TO THE RESIDENCE PRIOR TO, ON OR AFTER THE CLOSING. BUYER FOR ITSELF AND ITS SUCCESSORS AND ASSIGNS HEREBY RELEASES SELLER FROM ANY AND ALL LIABILITY AND CLAIMS WITH RESPECT TO NORM.**

**B. Mold and Other Indoor Contaminants Disclosure and Release.** There are many different types of possible indoor environmental contaminants, such as mold, fungi, dust mites, pet dander and aerosol chemicals released from paints, carpets, plastics, tiles and other material. In part because sensitivity to various types of mold and other indoor contaminants varies from person to person, there are no federal or Colorado state standards concerning acceptable levels of exposure to mold or fungi. In addition, materials within the Residence, such as paints, carpets, plastics, tiles, glues and other material, may release aerosol chemicals into the indoor air. **BUYER ACKNOWLEDGES AND AGREES THAT SELLER HAS MADE NO REPRESENTATION OR WARRANTIES, EXPRESS OR IMPLIED, CONCERNING THE PRESENCE, ABSENCE OR LEVEL OF MOLD, FUNGI OR OTHER INDOOR ENVIRONMENTAL CONTAMINANTS WITHIN THE RESIDENCE PRIOR TO, ON OR AFTER THE CLOSING. BUYER FOR ITSELF AND ITS SUCCESSORS AND ASSIGNS HEREBY RELEASES SELLER FROM ANY AND ALL LIABILITY AND CLAIMS WITH RESPECT TO MOLD, FUNGI OR OTHER INDOOR ENVIRONMENTAL CONTAMINANTS.**

**C. Electromagnetic Fields Disclosure and Release.** All power lines and electrical appliances that draw electric current have electromagnetic fields (“EMF”) around them. The

## **ADDENDUM A TO CONTRACT TO BUY AND SELL REAL ESTATE (RESIDENTIAL)**

Residence may be located near power lines that generate EMF. Seller has no expertise or information about the detection or effects of EMF and does not monitor research regarding EMF. **BUYER ACKNOWLEDGES AND AGREES THAT SELLER HAS MADE NO REPRESENTATION OR WARRANTIES, EXPRESS OR IMPLIED, CONCERNING THE PRESENCE, ABSENCE OR LEVEL OF EMF WITHIN THE RESIDENCE PRIOR TO, ON OR AFTER THE CLOSING. BUYER FOR ITSELF AND ITS SUCCESSORS AND ASSIGNS HEREBY RELEASES SELLER FROM ANY AND ALL LIABILITY AND CLAIMS WITH RESPECT TO EMF.**

D. **Variations in Natural Materials and Concrete.** Buyer acknowledges that the Residence contains natural materials that will vary in color, consistency and finish, and that these inconsistencies are inherent in natural materials and shall not be deemed defects in the Residence. These inconsistencies are inherent and expected in columns, floors, cabinetry, granite, tile and ceilings. In addition, the Residence has been constructed with concrete that will crack and settle over time. Non-structural cracks, exposed aggregate, imperfections, patches, blemishes, fissures and other concrete variability are normal and Buyer accepts that condition.

E. **No View Easement.** There exists no easement or other right, express or implied, for the benefit of Buyer, the Residence or the project, for light, view, or air contained in this Agreement, the Covenant-Related Documents or any other binding agreement or document. Buyer acknowledges that neither Seller, nor any agent, broker, employee or representative of Seller has made any representations or warranties to the contrary to Buyer.

F. **Condensation/Humidity.** The exterior window and door system of the Residence is designed to mitigate the migration of cold from the outside environment to the interior of the Residence. In very cold conditions or in relatively high humidity with the Residence, condensation, frost and ice may form on the windows, doors or frames thereof, which moisture can cause various problems including damage to flooring, walls, and other property in contact with the moisture. Buyer agrees that it is Buyer's responsibility to maintain the humidity within the Residence so as to avoid the formation of such condensation.

G. **Drainage and Grading.** Buyer acknowledges and agrees that drainage patterns have been designed for the entire project and therefore it is not unusual for water run-off from uphill lots or other areas to drain onto downhill lots and eventually arrive at a discharge point. Buyer understands and agrees that during storm events, water from other lots may discharge across or along the lot of the Residence. Such discharge may cause damage to landscaping or other improvements located within the drainage pattern, repair of which is Buyer's responsibility.

H. **Future Development Disclosure and Release.** Buyer acknowledges and agrees that development of the project in which the Residence is located is not complete and is ongoing. Seller has made no warranties or representations as to if and when the remainder of the project will be completed, the order in which it will be completed, the nature and types of other uses within the project, and whether future development may impair the existing views from the Residence. Buyer also acknowledges and agrees that there may be ongoing construction activities in the vicinity of the Residence. **BUYER WAIVES AND RELEASES ALL CLAIMS AGAINST SELLER AND SELLER'S CONTRACTORS, AGENTS, EMPLOYEES, MEMBERS AND MANAGERS ARISING OUT OF OR RELATING TO SUCH CONSTRUCTION ACTIVITY, UNLESS CAUSED BY THE GROSS NEGLIGENCE OF WILLFUL MISCONDUCT OF THE PERSON OR ENTITY AGAINST WHOM SUCH CLAIM IS MADE.** Seller shall have no responsibility to Buyer for

## **ADDENDUM A TO CONTRACT TO BUY AND SELL REAL ESTATE (RESIDENTIAL)**

any acts or omissions of the contractor and subcontractors constructing the project or for any impact of such construction on Buyer or Buyer's use and enjoyment of the Residence. Except as specifically provided in this Section, Buyer assumes all risk of such construction by electing to purchase and occupy the Residence prior to completion of the project.

I. **Garage Space.** Not all garages can accommodate all sizes of vehicles. In addition, garages accessed by alleys may have limited turning radiuses. If desired, Seller can provide you more specific information about the size of vehicles that can be accommodated by the garage associated with the Residence. Buyer shall be solely responsible for confirming that the Residence's garage is adequate for Buyer's vehicles.

J. **Utilities and Telephone.** Buyer shall make arrangements with utility, cable and telephone companies for service. Seller will be responsible only for any pre-wiring identified in the House Plans. Seller does not accept responsibility for any delay in the provision of utility, phone or cable service by those providers.

K. **No Oral Representations.** Buyer acknowledges and agrees that no warranties or representations relating to the Residence or surrounding property have been made or may be made by Seller except as expressly set forth in this Agreement. Buyer understands and agrees that no person has or had the authority to make any guarantee, promise, warranty or representation other than those expressly set forth in this Agreement and that Buyer has not and will not rely upon any such written or oral statements.

L. **Public Databases.** Many website and databases are available online that provide information about the community in which the Residence is located, including information about local parks and trails, schools, community events, recreation centers, senior services, public safety, Megan's Law registration, and various other matters. Buyers are encouraged to visit these websites to learn more about their new community. Seller makes no representations or warranties and cannot be held responsible for the content and/or accuracy of information of third-party websites.

### **IX. SOILS.**

A. **Soil Reports.** Seller has advised Buyer that Seller is in possession of a summary report on the soils analysis and site recommendations for the Residence (the "Soils Reports"). Upon written request, Seller shall provide Buyer with The Soils Reports relating to the project. The Soils Reports will be deemed acceptable to and accepted by the Buyer unless Buyer notifies Seller, in writing, within thirty (30) days after the Effective Date that Buyer terminates this Agreement because of the soils, the Soil Reports, and/or the construction methods utilized by Seller, and identifying with specificity the unacceptable matter. *Professional technical advice should be sought by Buyer if Buyer does not understand the soils, Soils Reports and construction methods described in the Soils Reports.*

B. **Grading, Landscaping, and Maintenance.** Due to the possible presence of expansive soils and to protect the Residence from potential damage, it is important to maintain drainage away from the foundations of the Residence. Seller will establish a final grading of the property prior to Closing (except that if adverse weather conditions exist, final grading may be performed as soon as practical after Closing). At or prior to Closing, Buyer will be provided a final grading certificate that details the grading of the lot. Buyer is solely responsible for maintaining the final grading established by Seller including the repair of settled soil around the

## **ADDENDUM A TO CONTRACT TO BUY AND SELL REAL ESTATE (RESIDENTIAL)**

Residence and for any damages that occur due to failure to maintain the grade or changes made to the grade by Buyer or Buyer's contractors after Closing. Any changes made to the grading after Closing that impair drainage away from the foundation of the home and off of the lot may negatively affect the home by introducing water against the foundation. In addition to maintaining lot grading, it is the Buyer's obligation after Closing to: Not install any above- or under-ground irrigation lines, heads, or emitters within five feet of any foundation wall (the "Backfill Zone"); Not install any plantings within the Backfill Zone; Insure that all roof downspouts and all other water collection systems discharge beyond the Backfill Zone; Maintain the gutters so that they do not overflow; and Repair immediately any plumbing system or irrigation system water leaks.

Failure to strictly abide by the foregoing will void Seller's limited warranty (described above) and may cause excessive cracking and heaving of concrete slabs and/or damage to the foundation and/or other structural elements of the Residence. Non-living landscaping (i.e. rock, bark mulch, etc.) may be installed in the Backfill Zone. Seller and Seller's subcontractors are not responsible for any damages resulting from the improper installation, modification, or failure to maintain any irrigation system, landscaping, gutters, downspouts, downspout extensions, or grading by Buyer or Buyer's contractors.

### **X. CONSTRUCTION MATTERS**

A. **Completion.** Seller agrees to substantially complete construction of the Residence within one year after the Effective Date of this Agreement. However, Seller's time to substantially complete construction shall be automatically extended for a period equal to any time lost by Seller as a result of weather, strikes, inability to obtain materials, labor shortages, inability to obtain utility connections, acts of God, war, riots, destruction or other casualty, government moratoriums, Contract Amendments approved by Buyer, or any other occurrence or condition beyond the control of Seller at a reasonable cost. Seller shall not be responsible for any inconvenience, loss or expense to Buyer arising out of the time for completion, including but not limited to any loss or expense resulting from Buyer's decision to lock or to float interest rates. If construction is not substantially completed within the time periods required above, Buyer's sole remedy shall be to terminate this Agreement by written notice to Seller in which event all amounts received by Seller from Buyer shall be returned to Buyer without interest and both parties shall be released from any further obligations under this Agreement. The issuance of a certificate of occupancy for the Residence shall be conclusive evidence of substantial completion of construction for purposes of this Section A.

B. **Plan Changes.** Seller is authorized to modify the Plans and make substitutions in its reasonable discretion, including, but not limited to the following: (a) to meet the requirements of any governmental authority, (b) to correct errors, omissions or oversights in the House Plans, (c) to meet unanticipated construction or site requirements, (d) to overcome hindrances to the expeditious completion of construction due to strikes or materials or labor shortages, and (e) to make minor relocations of electrical, plumbing, heating or similar services and equipment, or other elements of the Residence. Seller may also substitute materials, appliances, and related items with items of substantially equal or better quality. There may be

## **ADDENDUM A TO CONTRACT TO BUY AND SELL REAL ESTATE (RESIDENTIAL)**

minor deviations in room dimensions, locations of windows, doors, heating registers and controls, electrical outlets and switches, telephone outlets and other items of similar nature from the House Plans or models, and such deviations or modifications shall not constitute a breach of this Agreement by Seller. **Buyer recognizes that the final grade and configuration of the Residence on the lot will be dictated by Seller's construction practices and natural contours of the lot, and may vary from that of any model home viewed by Buyer.** Statements of approximate square footages of the Residence, as well as intended layout and floor plan for the Residence, may be set forth in the House Plans, sale brochures or marketing material. Buyer acknowledges that such statements are approximations and that the final square footage of the Residence as constructed may vary from such approximations. Also, all renderings, plans or drawings showing the location of landscaping and improvements are artist's conceptions only, and may not accurately reflect the location of landscaping, trees and improvements as built. Buyer waives any claims based on the changes in plans or renderings described in this Section B.

**C. Control of Workers and Site.** Buyer agrees that the direction and supervision of all workers on the site, including subcontractors, rests exclusively with Seller. Buyer agrees not to issue any instructions to, or otherwise interfere with, such workers including, without limitation, Seller's construction management personnel. Buyer also agrees not to contract with such workers, nor hire other builders or subcontractors in connection with the Property prior to Closing. Seller shall have exclusive possession of the property until Closing. All communication by Buyer with Seller shall be made through or coordinated by Seller's sales broker or agent. If Buyer or any guests or agents of Buyer visit the Residence prior to Closing or other areas of the construction site at any time, they each (a) shall do so at his/her own risk, (b) must be accompanied by a representative of Seller, (c) must wear a hard hat, and (d) must comply with all state and local health orders and the guidance and protocols issued by the Centers for Disease Control and Prevention then in effect with regard to COVID-19. All site visits must be prearranged with Seller and occur during Seller's regular hours of operation. Buyer acknowledges that construction sites contain hazards, and as partial consideration for this Agreement, fully and completely releases Seller and any sales broker or agent of Seller from any injury, damages, death or other losses suffered by Buyer during any visit to the property prior to Closing, regardless of the cause.

**D. Inspection / Buyer's Indemnity.** Subject to the restrictions and limitations provided elsewhere in this Agreement, Buyer, acting in good faith, has the right to have an inspection of the Residence performed at Buyer's expense. Any such inspection shall be performed by an insured professional inspector and shall be subject to other reasonable limitations that may be imposed by Seller, and may only occur 2-3 business days prior to the Home Orientation. If Buyer desires to have such an inspection performed, then Buyer shall contact Seller at least 10 business days prior to the Home Orientation in order to schedule a date for such inspection. Except as otherwise provided in this Agreement, Buyer is solely responsible for payment of all inspections, tests, surveys, engineering reports, or other reports performed at Buyer's request ("Work") and shall pay for any damage that occurs to the Residence as a result of any such Work. Buyer shall not permit claims or liens of any kind against the Residence for any such Work. Buyer shall indemnify and hold Seller harmless from and against any liability, damage, cost or expense incurred by Seller as a result of any such Work, claim, or lien. This

**ADDENDUM A TO CONTRACT TO BUY AND SELL REAL ESTATE (RESIDENTIAL)**

indemnity includes Seller’s right to recover from Buyer all costs and expenses incurred by Seller to defend against any such liability, damage, cost or expense, or to enforce this section, including without limitation Seller’s reasonable attorney fees, legal fees and expenses. The provisions of this Section shall survive the termination of this Agreement.

E. **Hours of Operation.** Buyer agrees to conduct business and meetings with the Seller during Seller’s hours of operation. After hours appointments may be granted but are not guaranteed.

(Form of Limited Warranty)

**Buyer(s) Name(s):** \_\_\_\_\_

**Property Address:** \_\_\_\_\_

**Warrantor:** \_\_\_\_\_

**Warranty Commencement Date:** Closing Date of the Property as evidenced by the date that the deed to the Property is filed with the county clerk and recorder.

I

A. Coverage. **FOR ONE YEAR, BEGINNING ON THE WARRANTY COMMENCEMENT DATE (“WARRANTY PERIOD”) OR SUCH SHORTER PERIODS AS SPECIFIED HEREIN, WARRANTOR WARRANTS THAT THE PROPERTY WILL BE FREE FROM DEFECTS DUE TO FAULTY MATERIALS OR WORKMANSHIP, SUBJECT TO THE EXCLUSIONS, LIMITATIONS, AND PROVISIONS OF THIS LIMITED WARRANTY.**

B. Warrantor’s Performance. If a defect occurs in an item covered by this Limited Warranty, Warrantor’s obligation shall be limited, at Warrantor’s option, to repair, replace, or pay Buyer the reasonable cost of repairing or replacing the defective item. Warrantor’s total, aggregate liability under this Limited Warranty to Buyer for repairing or replacing one or more defects in the Property is limited to the purchase price paid by Buyer for the Property under the Contract (defined below), and Buyer hereby waives and releases Seller (as defined in the Contract), Warrantor and any contractor engaged in connection with the construction of the Property from any other claims, including, without limitation, any incidental, special, indirect, consequential or other damages to any person or property resulting from any defect. Warrantor’s efforts to correct defects shall not act to extend the terms or duration of this Limited Warranty. Warrantor shall not be obligated to remedy any defects covered by this Limited Warranty unless Buyer notifies Warrantor in writing of the defect as provided for in Article III below before expiration of the Warranty Period.

THE COVERAGE OF THIS LIMITED WARRANTY AND WARRANTOR’S OBLIGATIONS SHALL BE SUBJECT TO, LIMITED BY, AND ADMINISTERED IN ACCORDANCE WITH THE RESIDENTIAL CONSTRUCTION PERFORMANCE GUIDELINES CONSUMER REFERENCE, FIFTH EDITION, NATIONAL ASSOCIATION OF HOME BUILDERS, 2016 (“CONSTRUCTION PERFORMANCE GUIDELINES”). ALL WORKMANSHIP SHALL CONFORM TO THE GUIDELINES FOUND IN THE CONSTRUCTION PERFORMANCE GUIDELINES. IF AN ITEM IS NOT COVERED BY THE CONSTRUCTION PERFORMANCE GUIDELINES OR IN THIS LIMITED

## **ADDENDUM B TO CONTRACT TO BUY AND SELL REAL ESTATE (RESIDENTIAL)**

WARRANTY OR IN THE CONTRACT, STANDARD INDUSTRY PRACTICE SHALL GOVERN. SHOULD ANY TERMS OF THIS LIMITED WARRANTY CONFLICT WITH ANY TERMS OF THE CONSTRUCTION PERFORMANCE GUIDELINES, THE TERMS OF THE CONSTRUCTION PERFORMANCE GUIDELINES SHALL CONTROL.

C. Insurance. If Warrantor repairs or replaces or pays the cost of repairing or replacing any defect in the Property for which Buyer is covered by insurance, Buyer shall assign the proceeds of such insurance to Warrantor up to Warrantor's costs for such repair, replacement, or payment.

### **II**

This Limited Warranty is subject to the following terms, conditions, limitations, and exclusions, all of which are an integral part of this Limited Warranty.

A. Cracks, chips, dents, scratches, mars, spots, stains, tarnishing, frays, snags or tears in, on or of the following are excluded from this Limited Warranty unless such defects are inconsistent with standard practice or allowable tolerances for the industry as determined in the sole discretion of Warrantor: flooring material (including, but not limited to, wood or vinyl resilient tile and carpet), doors, walls and woodwork, cabinets and vanities, countertops and vanity tops (laminated or solid surface), appliances, plumbing fixtures and equipment (including sinks, toilets, tubs, shower enclosures and faucets), mirrors, medicine cabinets, hardware, light fixtures, light switches and electrical, cable and phone outlets. Any damage occurring upon move-in is excluded from this Limited Warranty.

B. Nail or screw pops and/or wrinkled or open seams, cracks in walls, floors or ceilings, concrete shrinkage cracks, and swelling or shrinkage of wood floors are excluded from this Limited Warranty since such conditions do not result from faulty materials or workmanship but are the result of natural shrinkage, drying out of building materials, normal settlement of the Property, seasonal changes, habitation of the Property, wind loads, or other normal movement of structural components. Such occurrences commonly occur in gypsum wallboard installations, are a homeowner's maintenance responsibility and are excluded from this Limited Warranty. However, this Limited Warranty covers excess compound in joints, trowel marks, cracked corner beads, and tape blisters. Warrantor will not repaint, wallpaper, or decorate walls or ceilings of any repaired areas.

C. Warrantor shall not be responsible for faucet leaks, toilet adjustments, door and door frame adjustments, floor and wall tile grouting and caulking (including opening of/or cracks in the grout), which are excluded from this Limited Warranty. In addition, color variation in grout or caulk are excluded from this Limited Warranty.

D. Condensation, which can occur whenever warm and moist air comes in contact with a cold dense surface such as window and door glass and frames, is excluded from this Limited Warranty. Interior moisture is generated in many ways, including cooking, showering, drying clothes, or by a humidifier. Since Buyer's regulation of interior moisture levels influences condensation, control or damage resulting from condensation is excluded from this Limited

## **ADDENDUM B TO CONTRACT TO BUY AND SELL REAL ESTATE (RESIDENTIAL)**

Warranty.

E. All appliances, heating and ventilation equipment, electrical, mechanical and plumbing equipment, and all other items carrying a manufacturer's warranty, and consumer products (as that term may be defined under applicable federal, state and local laws, or their implementing regulations) installed or contained in the Property are excluded from this Limited Warranty. Warrantor hereby specifically disclaims and excludes any express or implied warranties of any nature, including any implied warranty of merchantability or fitness for a particular purpose, with respect to such items. All components and adjustments of the heating, venting and/or air conditioning system are excluded from this Limited Warranty.

F. Any damage caused by or the result of improper care, improper maintenance, or the improper use of floor products, including, without limitation, damage to wood flooring, vinyl resilient tile, sheet products, or carpet caused by the failure to use recommended floor protectors, furniture rests and cleaners, use of improper rolling casters under furniture and appliances, abuse or accidents, including, without limitation, burns, cuts, scratches, scuffs, and indentations from shoes or other hard items, any stains from carpet dyes, or damage caused by the presence of excessive moisture or alkaline substances are excluded from this Limited Warranty. This Limited Warranty excludes any difference between the color of samples or printed illustrations and the color of the actual flooring, or any loss of gloss resulting from normal usage.

G. This Limited Warranty excludes any damage to the extent it is caused or made worse by: (i) the negligence, improper maintenance, or improper operation by anyone other than Warrantor or its employees, agents or subcontractors; (ii) the failure to give notice to Warrantor of any defect within a reasonable time; or (iii) changes or modifications made by anyone other than Warrantor, or its employees, agents or subcontractors, including, without limitation, changes to the floor plan, designs, work or materials, or of the grading of the ground or drainage patterns on terraces and/or balconies.

H. Any defects in, or caused by, materials, work, designs, or plans supplied by anyone other than Warrantor, or its employees, agents, or subcontractors are excluded from this Limited Warranty.

I. Normal wear and tear or normal deterioration is excluded from this Limited Warranty.

J. Accidental loss or damage from causes such as, but not limited to: fire, explosion, smoke, water escape, unexpected changes in underground water tables, glass breakage, windstorm, hail, lightning, falling trees, aircraft, vehicles, flood, and earthquake are excluded from this Limited Warranty.

K. Any loss or damage that arises from the Property or any part of the Project being used for non-residential purposes is excluded from this Limited Warranty.

## **ADDENDUM B TO CONTRACT TO BUY AND SELL REAL ESTATE (RESIDENTIAL)**

L. Any particular defect if Buyer performs repairs, or causes repairs to be performed, to the defective portion of the Property without first receiving the prior written consent of Warrantor are excluded from this Limited Warranty.

M. Insect or animal damage is excluded from this Limited Warranty.

N. Walls, ceilings, terraces, patios, and floors can develop cracks due to natural characteristics of expanding and contracting of concrete, so such cracks are excluded from this Limited Warranty. This is a normal occurrence that cannot be controlled. However, Buyer can protect exterior concrete by keeping it free and clear of ice and snow and by not applying salt in any form. All concrete surfaces, including those in precast and prestressed concrete products, may discolor due to temperature, humidity, or light variations in the material composition and discoloration is excluded from this Limited Warranty. Small surface holes caused by air bubbles, color variations, form joint marks, and minor chips and spalls are normal and are excluded from this Limited Warranty.

O. The research and industry publications addressing floor squeaks shows that many approaches have been tried but concludes floor squeaks cannot be completely eliminated. Accordingly, floor squeaks are excluded from this Limited Warranty. Generally, such squeaks appear and disappear with changes in weather conditions.

P. Buyer may cause frozen pipes or sillcocks by failing to drain sillcocks, close shut off valves, or disconnect garden hoses, so these issues are excluded from this Limited Warranty.

Q. Woods, cabinets, paneling, doors, floors, stairs, railings, and wood trim all have variations in wood grain and color. These variations cannot be controlled and are excluded from this Limited Warranty.

R. Walls have been painted and are in good condition at the time of closing. Buyer is then responsible for care and maintenance so that these issues are excluded from this Limited Warranty. Chips, cracks, and peeling are conditions that may occur due to causes other than the paint or its application and, therefore, are excluded from this Limited Warranty.

S. If natural stone is installed in the Property, natural stone (including without limitation, marble, granite, limestone, and slate) is a natural product so that it is not uniform or consistent like manufactured building materials. This lack of consistency is thus excluded from this Limited Warranty. When cut or tooled, minor imperfections, chips, dents, nicks, or gouges commonly occur. So long as these imperfections are consistent with standard practice not beyond allowable tolerances, which is determined at Warrantor's discretion, such imperfections are excluded from this Limited Warranty.

Stone products also vary in surface hardness and the rate at which they absorb moisture. Selection and installation of an inappropriate product for a given condition or location shall be the responsibility of Buyer and are excluded from this Limited Warranty.

## **ADDENDUM B TO CONTRACT TO BUY AND SELL REAL ESTATE (RESIDENTIAL)**

T. Dimensional changes in architectural wood products and other wood-based products such as plywood, veneers, and particleboard commonly occur and are excluded from this Limited Warranty. Under normal use conditions all wood products contain some moisture. Wood readily exchanges this moisture with the water vapor in the surrounding air according to the existing relative humidity. As fluctuations in humidity occur, some dimensional changes in painted or unfinished wood products will occur and are excluded from this Limited Warranty.

U. If wood flooring is installed in the Property, Buyer understands that wood is a natural product, which will respond to environmental factors that may cause the floor to shrink or expand. This may result in cracks between individual boards or buckling of the floor. In high humidity, wood floors will absorb moisture, causing boards to expand so that the edges rub together and produce squeaks. Conversely, during periods when wood floors are constantly exposed to heat and unusually dry conditions, visible buckling or cracks, sometimes up to the thickness of a nickel, between boards may appear. These events are excluded from this Limited Warranty.

To minimize these conditions from developing, Buyer understands that the relative humidity of the Property must be kept within a constant range of thirty percent (30%) to fifty percent (50%). Other guidelines for maintaining the appearance of wood floors and increasing their life include: (i) placing carpets or mats at all exterior doors and at frequently traveled areas (e.g., in front of the stove, kitchen sink, and refrigerator); (ii) shaking out or vacuuming carpets regularly; (iii) installing felt pads on all furniture that contacts the floor; (iv) dust mopping, vacuuming, or sweeping the floor on a regular basis; (v) never wet mopping the floor; and (vi) using a cleaner specifically recommended by a flooring retailer and following the mixing directions precisely. These recommendations are provided for information purposes only and do not constitute a representation or warranty to Buyer that complying to these guidelines will guarantee the satisfactory condition of such flooring. Effects caused by the shrinking and expanding of the wood floors are excluded from this Limited Warranty.

Further, as a product of nature, each piece of wood flooring will have different markings or variations in color or texture that occur during the growth of the tree, so these are excluded from this Limited Warranty. Further, wood flooring will absorb, reflect, or exhibit finishes and stains differently so that consistency among individual pieces cannot be guaranteed. Since the effects of climate, normal wear and tear (especially in high traffic areas), and the natural characteristics of the product cannot be controlled by Warrantor, the expansion, contraction, discoloration, shade variation or accelerated wear and tear in high traffic areas, as well as discoloration (bleaching) from ultraviolet radiation (sun), are excluded from this Limited Warranty.

V. Cabinets, countertops, doors, stairs, and other items in the Property may contain plastic laminates, which are subject to occasional chipping, delamination, peeling, and staining. Such conditions are not covered by this Limited Warranty.

W. The completed structure will experience slight settlement of the foundation over time and settlement is excluded from this Limited Warranty. **ALL LANDSCAPING IS EXCLUDED FROM THIS LIMITED WARRANTY.**

## **ADDENDUM B TO CONTRACT TO BUY AND SELL REAL ESTATE (RESIDENTIAL)**

X. To the extent that this Limited Warranty addresses maintenance requirements of Buyer relating to property and systems outside of the Property, Buyer acknowledges that these requirements must be met by the homeowner association, if any, in accordance with any maintenance manual provided by the homeowner association.

Y. Any damage or a defect caused by the failure of homeowner association, if any, or Buyer or Buyer's successor to maintain the Property in accordance with the maintenance manual the Buyer received at the closing of the purchase of the Property, if any, is excluded from this Limited Warranty.

Z. This Limited Warranty is personal to Buyer and may not be assigned.

### **III**

A. Submission of Claims to Warrantor. If Buyer has a claim under this Limited Warranty, before the Warranty Period expires, Buyer must deliver a written notice to Warrantor (and Seller) at the addresses provided in this Contract.

B. Notices. All notices or claims to Warrantor (and Seller) must be either (i) personally hand-delivered; (ii) sent by mail, postage prepaid, certified mail, return receipt requested; or (iii) sent by email, to the address or email provided in this Contract, or to whatever other address Warrantor (and Seller) may designate in writing. Any hand-delivered notice shall be deemed received when delivered; any notice emailed shall be delivered as of the date stated on the email confirmation report; and any mailed notice shall be deemed received 3 business days after deposit in the United States mail. Buyer shall notify Warrantor (and Seller) of any change of address for receiving notices in the manner set forth in this Section B.

C. Action. Within 30 business days of receipt of a notice of a defect from Buyer, Warrantor shall either, as applicable: (i) commence remedying the defect and pursue such remedy diligently until completion; or (ii) notify Buyer (and Seller) in writing of its determination that the alleged defect is not covered by this Limited Warranty.

### **IV**

**BUYER UNDERSTANDS AND AGREES THAT THIS LIMITED WARRANTY IS THE SOLE AND EXCLUSIVE WARRANTY MADE IN CONNECTION WITH THE PROPERTY AND ANY COMMON ELEMENTS ASSOCIATED WITH THE PROPERTY.**

**THIS LIMITED WARRANTY IS IN LIEU OF ALL CLAIMS OF BUYER AND THEIR HEIRS, SUCCESSORS AND ASSIGNS AGAINST SELLER, WARRANTOR AND ANY CONTRACTORS ENGAGED BY SELLER AND/OR WARRANTOR IN CONNECTION WITH THE CONSTRUCTION, DESIGN, AND CONDITION OF THE PROPERTY AND ANY COMMON ELEMENTS, EXPRESS OR IMPLIED (INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OF MERCHANTABILITY, HABITABILITY, FITNESS FOR A PARTICULAR PURPOSE OR WORKMANSHIP), ALL OF WHICH CLAIMS ARE HEREBY WAIVED BY BUYER AND REPLACED WITH THIS**

## **ADDENDUM B TO CONTRACT TO BUY AND SELL REAL ESTATE (RESIDENTIAL)**

### LIMITED WARRANTY.

AS TO ANY PERSONAL PROPERTY AND AS TO ANY CONSUMER PRODUCT (AS THAT TERM MAY BE DEFINED UNDER APPLICABLE FEDERAL, STATE OR LOCAL LAWS OR THEIR IMPLEMENTING REGULATIONS, INCLUDING, WITHOUT LIMITATION, THE MAGNUSON-MOSS WARRANTY ACT) WHICH MAY BE A PART OF OR LOCATED IN THE PROPERTY OR ANY COMMON ELEMENTS (INCLUDING, WITHOUT LIMITATION, APPLIANCES, UTILITY SYSTEMS [INCLUDING AIR CONDITIONING AND HEATING SYSTEMS], AND ANY PERSONAL PROPERTY OR FIXTURES WITHIN THE PROPERTY AND ANY COMMON ELEMENTS), WARRANTOR NEITHER MAKES NOR ADOPTS ANY WARRANTY WHATSOEVER AND SPECIFICALLY EXCLUDES EXPRESS OR IMPLIED WARRANTIES OF ANY NATURE, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR WORKMANSHIP. ALL SUCH ITEMS ARE ALSO EXPRESSLY EXCLUDED FROM THIS LIMITED WARRANTY. ANY WARRANTIES ISSUED BY A MANUFACTURER OF ANY SUCH PRODUCTS WILL BE ASSIGNED AUTOMATICALLY TO BUYER AT CLOSING BY SIGNING THE CONTRACT. BUYER ACCEPTS THIS ASSIGNMENT AND ACKNOWLEDGES THAT WARRANTOR HAS NO RESPONSIBILITY FOR SUCH ITEMS.

No representative of Warrantor has the authority to expand or extend the scope or duration of this Limited Warranty. This Limited Warranty should be read together with Addendum A to the Contract.

## Exhibit 2

Below is additional information on your Solar System and Heat Pump Financing Program

# TARIFF ON-BILL

# REPAYMENT

For Ridgway Wetterhorn Homes Homeowners

## THE PROGRAM

### WHAT YOU NEED TO KNOW

Each home in the Ridgway Wetterhorn Homes Development has been constructed with rooftop solar PV and a heat pump.

Rooftop solar is an excellent energy resource, as it delivers power directly to your home, thereby offsetting the electricity that you purchase from your local utility, thus **saving you money on your monthly electricity bill.**

Additionally, heat pumps are highly efficient HVAC measures that move heat from one place to another, such as moving heat from the outdoors into a home to provide comfortable heating during cold months and cold air for cooling during summer months.

**Because heat pumps operate at a high efficiency, they are often more cost effective than electric heating and many gas-powered heating appliances** such as propane or even natural gas furnaces, in certain scenarios.

**While each homeowner will pay for the cost of these energy measures via the utility bill,** the utility savings realized through the gained efficiencies and additional solar energy generation offset these costs, delivering a **lower overall utility bill for the homeowner each month!**

The monthly charges associated with the repayment of these measures have been calculated over the course of 15 years and each installment will be included as a single line item on your monthly utility bill, titled the **“Beneficial Energy Adoption Repayment (BEAR)” charge.**

More information on interest rates and monthly payments can be found in the program agreement.

## MONTHLY REPAYMENT

### HOW IT WORKS

Tariff on-bill repayment (TOBR) is a mechanism by which a resident or business owner may elect to install certain energy upgrades to their property at no upfront cost and repay the cost of the measure and installation via a voluntary tariff on their monthly utility bill. The term “repayment” included in TOBR denotes the fact that a third party, in this case the Colorado Clean Energy Fund, provides the upfront funding for the installation. In turn, the local electric utility, in this case San Miguel Power Association (SMPA), will bill customers on a monthly basis to recover CCEF’s costs over an agreed-upon timeframe. In many cases the energy savings achieved through the newly installed measures is greater than the monthly repayment obligation, thereby saving customers money on their utility bill every month.

1

You (the homeowner) set up your electricity account with SMPA

2

Your monthly utility bill will include the BEAR line item for repayment of your rooftop solar & heat pump

3

When the cost of the measures is paid in full, the tariff is removed & you'll no longer see the BEAR line item

# TARIFF ON-BILL REPAYMENT

For Ridgway Wetterhorn Homes Homeowners

## FREQUENTLY ASKED QUESTIONS

### **Who do I contact for issues around my heat pump or rooftop solar?**

During the warranty period, contact [info@ruralhomesproject.co](mailto:info@ruralhomesproject.co) for any maintenance issues or concerns with operability. After that first year, please reference the move-in booklet for contractor and manufacturer contact information.

### **Wait, so who actually owns the rooftop solar system and heat pump if they haven't been fully paid off?**

You (the property owner) do! A benefit of on-bill repayment is that the measure becomes yours at the time of installation, even though the upfront cost is covered by another entity (in this case, CCEF). The ownership only changes if/when you sell your house to a new owner.

### **What additional actions must I take to pay for these measures?**

None! The repayment is included on your monthly utility bill, so your payment will be processed each month when you pay your electricity bill to SMPA.

### **Who do I contact for billing questions?**

Billing for this equipment is handled by San Miguel Power Association (SMPA). You would contact SMPA with any billing questions around the measures, just as you would contact SMPA about any questions you have related to your traditional electricity bill. While SMPA will be the responsible party for billing and collection, please note that program administration for the on-bill portion of your electricity bill is handled by a third party. As a result, please allow for an additional 2 - 3 days to receive a full response to specific questions about the solar and heat pump measures.

### **Can I pay for my solar and heat pump early?**

Yes! The beauty of on-bill repayment programs is that it allows customers to pay for the measures ahead of schedule, should you wish to do so. And there's absolutely no penalty for paying early!

### **What happens if I miss a payment?**

SMPA will pursue full payment for any balance on your utility bill (including for the BEAR charges) through their regular collections procedures. If you are late on a payment, the utility will likely reach out to you requesting payment of any past due balances.

### **What happens if I move?**

If you sell your house while still paying for the rooftop solar and heat pump, the financial obligation remains with the electricity service associated with the property. When you stop your electricity service, the obligation to pay will be assumed by the new homeowner. You do have an obligation to disclose the existence of this financial obligation to prospective buyers so they are aware of the tariff before buying the house. Often, homeowners will choose to pay off the measures in full before selling a home, to avoid the tariff transferring to a new homeowner.

### **Additional questions?**

Feel free to reach out to the Colorado Clean Energy Fund!
